

# NATURAL STONE LEDGER PANELS

**MS International, Inc.**

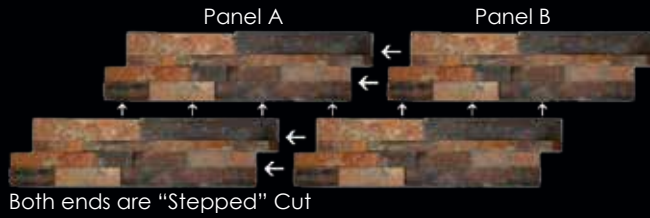

Premium Surfaces Since 1975

GENUINE STONE 

Natural Stone Ledger Panels are trimmed pieces of natural ledger stone affixed together to form modular panels, which allows streamlined installation of dry stacked ledge stone veneer. Natural stone veneer panels feature a unique joint design that becomes virtually undetectable after installation. We offer these panels in two styles: Natural stone ledger stepped panels and "L" ledger stepped panel corners for outside corner.

## Stepped Panels

Stepped Panels are designed to interlock together like puzzle pieces.  
Panel A will lock into Panel B and so on for seamless fit
